

5 June 2020

### **It's Not Over Yet**

Next Tuesday 9 June 2020 at 6.30 pm (AEST) CFA is holding another Consumer Connect session. The topic is 'COVID-19 Update ... Vaccine Research and Clinical Response' and Professor Scott Bell and A/Prof Dominic Keating will discuss the many COVID-19 clinical trials underway around the world.

There will be lots of discussion and opportunities to ask questions about the current state of play of the Coronavirus and CF in Australia.

As Chair of the Australian Cystic Fibrosis Data Registry, Scott Bell will also take questions relating to the recent increase in the predicted median life expectancy to 47 years for people with CF.

Here is the direct link to Consumer Connect: <https://cfa.padlokt.com/>. Pop online, register and submit a question or four for Prof Bell and A/Prof Keating.

We are so lucky to have outstanding CF clinicians and researchers here in Australia and I would like to thank them for giving their time so generously.

Kind regards
