

30th March 2021

CALL FOR ABSTRACTS

14TH AUSTRALASIAN CYSTIC FIBROSIS CONFERENCE

The 14th Australasian Cystic Fibrosis Conference (ACFC) will take place as a Hybrid Digital Conference between Saturday 7th August and Sunday 8th August 2021.

Why submit an Abstract?

1. Showcase your research at a premier gathering of cystic fibrosis (CF) health care professionals and research scientists from around the world
2. Enrich your ACFC experience and knowledge of CF by getting feedback from fellow experts
3. Provide more visibility for your organisation and its role in the fight against this disease
4. Gain recognition by having your abstract, if accepted, as an e-poster presentation.

Cystic Fibrosis Australia (CFA) is excited to be welcoming a bevy of world class specialists in the field of CF who will have an opportunity to share their expertise and research with the CF community in Australia and New Zealand under the theme of "Care for All".

CFA and the Conference Medical Committee take great pleasure in inviting you to propose one or more abstracts. Submissions must be made via email and sent to info@cfa.org.au and be received no later than 5.00 pm AEST on Friday, 7th May 2021.

Registration for the ACFC is a requirement for all successful abstract presentations. If you haven't registered yet, click [HERE](#) to register for the Conference.

For all further information or questions regarding the submission process, please visit the Conference website [HERE](#), [ABSTRACT SUBMISSIONS](#), contact the [Conference Secretariat](#) or phone CFA on (02) 9889 5171.

This year we are also introducing the New Investigator Award (NIA) for researchers with a maximum of 5 years' experience working within the CF field.

We would like to thank you in advance for your scientific contribution to the 14th ACFC and we would appreciate if you could share this invitation widely amongst your teams, peers and colleagues.

Kind regards
