The Many Faces of COVID-19

Consumer Connect Wednesday 20th October at 6pm AEST

Cystic Fibrosis Australia is committed to providing cutting edge CF info. We are often asked 'can we get a COVID-19 Update?' and - thanks to our brilliant CF clinicians – we certainly can.

At 6.00pm on Wednesday 20 October Professor Peter Wark, Professor Adam Jaffe and Peter Middleton will provide the CF community with a COVID-19 Update.

Our panel of experts will address the issues below and answer questions from the CF community.

1. Delta
2. New Delta strain and future mutations
3. What health outcomes or issues are prevalent in people with CF who have had COVID
4. Is long COVID a real thing and are people with CF more likely to suffer from it?
5. Booster/third dose – should people with CF get it?
6. Kids and mental health
7. Adults and mental health
8. School attendance – yes or know?
9. What do we do as things begin to open up?
10. Should we go back to work, school, study?
11. Should we travel – domestic and international?

To register your questions and sign in for this crucial CF seminar, please follow the and make sure to be with us on Wednesday night.

Watch Consumer Connect:
